

**THE TERRY FOX
FOUNDATION**

"I want to set an example that will never be forgotten" – Terry Fox

Dear Falun Elementary School,

It is with immense gratitude that we acknowledge you for raising **\$2,014.00** for cancer research in 2018!

This run season was all about leadership and growth within our school communities. We saw a record number of schools take part in the *Terry Fox Challenge*. More student groups now than ever before have taken the lead on run day as a part of the 'Be Like Terry' student leadership program. We also saw hundreds of students challenging themselves in new ways by aiming to raise a little more than last year, or endeavoring to go just a little further on run day. As we see students taking on new challenges, we are also reminded of the challenges that Terry overcame on the *Marathon of Hope* and the challenges that cancer patients are facing today.

Because of schools like yours, the Foundation was able to invest \$22.7 M into cancer research and fund over 405 projects in 2017. Last year, 'Precision Medicine' projects, took the spotlight at the Terry Fox Research Institute. Projects in myeloma, lung, breast, and colon cancers are just a few examples of the work that you made possible. By continuing to support PROFYLE (Precision Oncology For Young people) you are also giving hope to young people across Canada who need us now more than ever.

Terry Fox Foundation Board Chair, Bill Pristanski says, "your involvement has real and tangible results – hundreds of thousands of people will have their lives enriched by cancer research." We look forward to supporting your work for many years to come.

Sincerely,

Wendy Kennelly, Amy Boiko and Dianne Dame from the AB,NT,NU regional team!

This year, a record number of schools in Alberta, The Northwest Territories, and Nunavut took part in a Terry Fox fundraising challenge and became part of the nation-wide #1000Challenges4Terry movement.
